- Reliance on COS / JO personnel and high turnover
- Limited case managers, technical support and supervisors
- Additional LGU augmentation assignments

SERVICE IMPACT

Overlapping functions, heavy caseloads, limited supervision and continuity, and delays in implementation, monitoring and reporting.

PRIORITY RESPONSE

Fill critical plantilla positions; assign dedicated case managers and technical support; strengthen retention and workload allocation.

02 FACILITY COMPLETION & OPERATIONAL READINESS

KEY CONCERNS

- Delayed or substandard facility works
- Leaking roofs, damaged tiles and inadequate water storage
- Unfinished gates and other readiness requirements

SERVICE IMPACT

Delayed center operations, safety concerns and difficulty meeting center-based service targets.

PRIORITY RESPONSE

Complete and inspect facilities; address safety and structural deficiencies; provide essential utilities, equipment and readiness standards.

03 FUNDING ADEQUACY & TIMELY ASSISTANCE

KEY CONCERNS

- Limited AICS and hospital assistance funds
- Need for supplemental appropriations or realignment

SERVICE IMPACT

Pending client requests, unpaid hospital billings and delays in assistance to individuals and families in crisis.

PRIORITY RESPONSE

Review funding needs and utilization; prioritize urgent cases; pursue timely augmentation or realignment.
